**Best of Fruit** is a premium functional fruit blend designed to help support a healthy urinary tract

**Why we offer:**

Best of Fruit features key ingredients like cranberry extract for antimicrobial adherence to the urinary tract, and apple fiber for a body and bowel cleansing effect. In addition, when swished in the mouth before swallowing, Best of Fruit also has oral health benefits. High in phytochemicals and abounding in antioxidants, Best of Fruit is especially great for women, seniors & anyone who desires a convenient way to consume nutrient dense organic fruits daily.

**Interesting Facts:**

- Cranberries are rich in phytochemicals such as phenolic acids, flavonoids and ellagic acid.
- Studies have suggested that HDL (nicknamed the “good cholesterol”) levels increase after drinking cranberry juice.
- Studies show that because the tannins in cranberry are easily destroyed by stomach acid before they reach the needed site of action, concentrated cranberry extract may be more effective.
- A compound found only in pomegranates called punicalagin is shown to benefit the heart and blood vessels.
- Apples help with bowel distress due to high water binding ability.
- Raspberries contain lutein which is great for your eyes and may support a reduction in the degeneration of vision over time. Raspberries also contain ellagic acid.
- Blueberries have been shown to improve night vision and enhance mental health, as well as helping to maintain vascular health.
- Baobab is a great source of vitamin C and may help support a healthy immune system.
- The astringent tannins in blackberries have been shown to be effective in oral hygiene.
- Acai berries are a great source of antioxidants, fiber and heart-healthy fats.

**History:**

First Nations people have used cranberries as both food and medicine for centuries and introduced it to early settlers as a treatment for scurvy and stomach ailments and to cleanse the blood.

- The pomegranate has been used extensively as a source of traditional remedies in ancient Ayurvedic system of traditional medicine.
- In parts of Africa, the baobab fruit has been used medicinally for centuries.
- The small deep blue acai berry has been known for centuries by the indigenous people of the Amazon rain forest where the wild fruit grows on tall acai palm trees.
- The deep purple maqui berry, which grows on small evergreen trees, has been used for hundreds of years by the Mapuche Indians of Chile and Argentina for its medicinal and antiaging benefits.
- Traditional Chinese Medicine refers to the lycii berry (also known as goji berry) as a “cooling tonic.” The use of this berry was first described in the first century AD in Chinese literature. Traditionally, goji has been used to promote longevity.
- Chia seeds have been a staple in Mayan and Aztec diets for centuries.

**Potential Benefits:**

May support urinary tract health. May support oral health when swished in the mouth. Helps provide the body with valuable phytochemicals like antioxidants & gentle cleansing support.

**How it is made:**

Best of Fruits ingredients is made using a unique patented process from a state of the art botanical extraction facility.
